How to use this book

Every recipe follows the same page, so you can find what you need quickly.

The numbers

The tiles show calories, protein, carbs, fat and fibre for one serve. The bar under them splits the calories between protein, carbs and fat, with the cost of one serve.

1 serve or 5 serves

The ingredient table gives both. Cook 5 serves for meal prep, then check the total box for calories, protein and cost across all five.

Plus

The "Plus" line lists small pantry items such as salt, pepper, herbs and spices. They are not counted in the macros or the cost.

Chef's tip

A short note on the one thing that makes the recipe work better. If the recipe names a brand, it also gives an easy swap and how that changes the macros.

The about 500 kcal version

Most recipes are built to hit a high protein serve, so the standard version can be well over 500 kcal. The box at the bottom of each page writes out the lighter version as its own recipe: the full ingredient list with its quantities and macros. The method is the same. A few recipes are already about 500 kcal, and those pages say so.

Finding a recipe

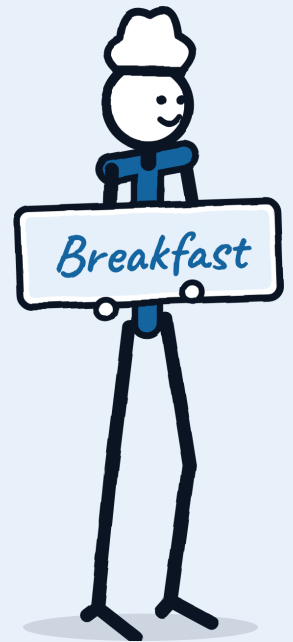

Recipes are numbered 1 to 200 across the seven chapters. The quick lists at the back sort the same recipes by name, by air fryer, by meal prep, by 60g+ protein, and by cost under \$4.50 a serve. Each line shows the recipe number, calories and protein of the standard version, and its page.

Costs are estimates based on Coles and Woolworths shelf prices at the time of writing (October 2026) and will vary by store, week and brand. Macros are calculated from the products listed. Brands differ, so check your labels if you track closely. This book is general food information, not medical or dietary advice.

Wholegrain bread	2 slices	10 slices
Olive oil	½ tsp	2½ tsp

Plus: Salt, pepper and chives

5 serves: 2790 kcal, 211g protein, about \$18.02 in total

METHOD

- 1 Put the bread in the toaster. Crack the eggs into a bowl, add salt and pepper and whisk until smooth.
- 2 Heat the oil in a non-stick pan over medium-low heat.
- 3 Pour in the eggs and let them sit for 20 seconds, then gently push them from the edges to the centre for 2 to 3 minutes until nearly set and still glossy.
- 4 Take the pan off the heat and fold through the cottage cheese. The leftover heat will warm it.
- 5 Spoon the scramble over the toast and sprinkle with chives.

CHEF'S TIP

Keep the heat low and stop the moment it looks just set. Fold the cottage cheese in off the heat so it warms through without going watery.

Frozen mixed berries	60g	300g

Plus: Cinnamon, optional

5 serves: 2258 kcal, 169g protein, about \$11.93 in total

METHOD

- 1 Add the oats, yoghurt, protein milk and fibre blend to a jar or container with a lid.
- 2 Stir well so there are no dry oats or clumps of fibre blend left. Add a little cinnamon if you like.
- 3 Press the frozen berries on top. They will thaw overnight and tint the oats.
- 4 Cover and leave in the fridge for at least 6 hours, ideally overnight.
- 5 In the morning, give it a stir and loosen with a splash of milk if it is too thick. Eat cold, or microwave for about 1 minute if you prefer it warm.

CHEF'S TIP

Make three jars on Sunday and they hold for 3 days. The fibre blend keeps thickening, so loosen with a splash of milk when you eat.

SWAPS, PER SERVE

Yoghurt: any high protein Greek yoghurt (8g+ protein per 100g). Regular Greek yoghurt: about 7g less protein.

Protein milk: regular low fat milk. About 4g less protein. Add 5g whey to make up for it.

Fibre blend: chia seeds, same weight. About 16 kcal more and 2g more fat.

Plus: Cinnamon, a pinch of baking powder, olive oil spray

5 serves: 3331 kcal, 233g protein, about \$18.50 in total

METHOD

- 1 Add the oats, eggs, cottage cheese, protein milk, fibre blend, half the banana, baking powder and cinnamon to a blender and blend until smooth.
- 2 Rest the batter for 5 minutes so the oats absorb the liquid and it thickens.
- 3 Heat a non-stick pan over medium heat and spray lightly with olive oil.
- 4 Spoon in the batter and cook for 2 to 3 minutes, until bubbles form on top and the edges look set.
- 5 Flip and cook for another 2 to 3 minutes until golden and cooked through. Re-spray the pan between batches.
- 6 Stack the pancakes and top with the yoghurt and the rest of the banana, sliced.

CHEF'S TIP

Rest the batter for the full 5 minutes, cook on medium and wait for bubbles on top before flipping. Freeze extras and toast them from frozen.

SWAPS, PER SERVE

Yoghurt: any high protein Greek yoghurt (8g+ protein per 100g). Regular Greek yoghurt: about 3g less protein.

Salsa	40g	200g

Plus: Pepper and a little oil spray

5 serves: 2760 kcal, 165g protein, about \$14.50 in total

METHOD

- 1 Warm the baked beans in a small pot over medium heat for 3 minutes, or in the microwave for 1 to 2 minutes, stirring once.
- 2 Whisk the eggs with a little pepper. Heat a non-stick pan over medium heat and give it a light spray of oil.
- 3 Pour in the eggs and stir gently for 2 to 3 minutes until just set.
- 4 Warm the wrap in the microwave for 10 seconds so it folds without cracking.
- 5 Pile the eggs, beans, cheese and salsa down the centre of the wrap, fold in the ends and roll up.
- 6 For a crisp finish, toast the wrap seam side down in the pan for 1 minute each side until golden.

CHEF'S TIP

Drain the beans well so the wrap doesn't go soggy. Toast it seam side down and it stays shut, or wrap in foil to eat on the go.

5 serves: 2192 kcal, 196g protein, about \$16.80 in total

METHOD

- 1 Spoon the yoghurt and cottage cheese into a bowl.
- 2 Pour in the protein milk and add the fibre blend.
- 3 Stir until smooth and creamy, mashing any big cottage cheese lumps if you prefer it smoother.
- 4 Let it sit for 1 minute so the fibre blend thickens the mix.
- 5 Top with the oats and berries, and add cinnamon or honey if you like. Eat straight away so the oats stay crunchy.

CHEF'S TIP

Stir the fibre blend in first and let it sit for a minute so it thickens the bowl. If fibre is new to you, start with half a serve.

SWAPS, PER SERVE

5 serves: 2906 kcal, 212g protein, about \$11.47 in total

METHOD

- 1 Add the oats, protein milk and fibre blend to a pot, or a large microwave bowl as it bubbles up.
- 2 Cook over medium heat for 3 to 4 minutes, stirring often, until thick and creamy. In the microwave, use 1 minute bursts and stir between each.
- 3 Slice the banana while the oats cook.
- 4 Take the oats off the heat and let them cool for 1 minute. Stir through the whey and cinnamon until smooth. Hot oats will make the whey clump.
- 5 Spoon into a bowl and top with the banana and peanut butter, which melts into the warm oats.

CHEF'S TIP

Let the oats cool for a minute before the whey goes in or it clumps. Add the peanut butter on top so it melts into the hot oats.

SWAPS, PER SERVE

Plus: Pepper

5 serves: 2396 kcal, 235g protein, about \$21.73 in total

METHOD

- 1 Put the bread in the toaster. Roughly chop the ham and spinach.
- 2 Whisk the egg whites and the whole egg together with a little pepper until combined.
- 3 Heat the oil in a non-stick pan over medium heat. Cook the ham and spinach for 1 minute until the spinach wilts.
- 4 Pour in the eggs and tilt the pan to spread them. Cook for 2 to 3 minutes, lifting the edges, until nearly set with just a slightly wet top.
- 5 Scatter the cheese over one half and fold the other half over. Cook for 30 seconds until the cheese melts and the egg is set through.
- 6 Slide onto a plate and serve with the toast.

CHEF'S TIP

Cook it lower than feels right and fold while the top is still a little wet. It finishes setting on the way to the plate.

5 serves: 2696 kcal, 160g protein, about \$18.58 in total

METHOD

- 1 Dice the onion and capsicum. Heat the oil in a large, deep frying pan with a lid over medium heat.
- 2 Cook the onion and capsicum for 5 minutes, stirring, until the onion is soft and translucent.
- 3 Stir in the smoked paprika, cumin and chilli flakes for 30 seconds, then add the passata. Simmer for 5 minutes until thickened.
- 4 Use the back of a spoon to make a well in the sauce for each egg, then crack an egg into each well.
- 5 Cover and cook on low to medium heat for 5 to 6 minutes until the whites are set and the yolks are as runny or firm as you like.
- 6 Toast the bread while the eggs cook. Crumble the feta over the top and serve with the toast.

CHEF'S TIP

Let the sauce thicken before the eggs go in, because a watery base leaves runny whites. Keep the lid on so the tops cook through.

ITEM	1 SERVE	5 SERVES
Chicken breast	300g	1500g
Egg	½ egg	2½ eggs
Panko breadcrumbs	20g	100g
Grated parmesan	10g	50g
Plain flour	7.5g	37.5g
Olive oil	½ tsp	2½ tsp

Plus: Paprika, salt and pepper

5 serves: 2516 kcal, 384g protein, about \$21.23 in total

METHOD

- 1 Preheat the air fryer to 200C. Slice each chicken breast in half horizontally and pound the pieces to an even thickness of about 1cm.
- 2 Set up three dishes: flour seasoned with paprika, salt and pepper, beaten egg, and the panko mixed with the parmesan.
- 3 Coat each cutlet in flour, then egg, then crumbs, pressing the crumbs on firmly so they stay put.
- 4 Spray both sides of the cutlets generously with oil so the crumbs turn golden.
- 5 Air fry at 200C for 10 to 12 minutes, flipping halfway, until crisp and 75C in the thickest part, with the juices running clear.
- 6 Rest the schnitzel for 2 minutes so it stays juicy, then serve.

CHEF'S TIP

Pound the chicken to an even 1cm so it cooks through before the crumb darkens. Press the panko on firmly and spray both sides well.

ITEM	1 SERVE	5 SERVES
Vetta Smart Protein pasta (dry)	90g	450g
Chicken breast	200g	1000g
Farmers Union Greek Style High Protein yoghurt	80g	400g
Frozen mixed veg	80g	400g
Grated parmesan	10g	50g
Olive oil	1 tsp	5 tsp

Plus: Garlic, paprika, salt and pepper

5 serves: 3424 kcal, 402g protein, about \$20.65 in total

METHOD

- 1 Bring a large pot of salted water to the boil for the pasta. Crush or finely chop the garlic.
- 2 Cut the chicken into strips and season with paprika, salt and pepper.
- 3 Heat the oil in a large pan over medium-high heat. Cook the chicken for 6 to 7 minutes, turning, until golden and cooked through with no pink. Add the garlic for the last minute.
- 4 Meanwhile, cook the pasta for the packet time, adding the frozen veg for the last 2 minutes. Drain, keeping a mugful of the pasta water.
- 5 Take the chicken pan off the heat so the yoghurt does not split. Stir in the yoghurt and parmesan with a splash of pasta water until smooth.
- 6 Add the pasta and veg, toss until coated and serve straight away.

CHEF'S TIP

Take the pan off the heat before the yoghurt goes in so it doesn't split. A splash of the pasta water turns it into a smooth sauce.

SWAPS, PER SERVE

Vetta pasta: regular dry pasta, same weight. 12g less protein, 19g more carbs and 6g less fibre.

Yoghurt: any high protein Greek yoghurt (8g+ protein per 100g). Regular Greek yoghurt: about 3g less protein.

5 serves: 3312 kcal, 314g protein, about \$17.60 in total

METHOD

- 1 Cook the rice in a pot of boiling water for 10 to 12 minutes until tender, then drain and keep covered.
- 2 While the rice cooks, slice the chicken thinly and finely chop the garlic and ginger if using.
- 3 Heat the oil in a large pan or wok over high heat. Stir fry the chicken for 5 to 6 minutes until golden and cooked through with no pink.
- 4 Add the frozen veg, garlic and ginger and cook for 3 minutes until the veg is hot and tender.
- 5 Push everything to one side, crack the egg into the space and scramble it for 1 minute until set, then mix it through.
- 6 Stir in the soy sauce, toss well and serve over the rice.

CHEF'S TIP

Cook double rice and chill half. Cold rice stir fries without going mushy, so tomorrow's bowl takes about 10 minutes.

Plus: Garlic, dried Italian herbs, salt and pepper

5 serves: 3634 kcal, 306g protein, about \$24.05 in total

METHOD

- 1 Bring a large pot of salted water to the boil for the pasta, and dice the onion and crush the garlic.
- 2 Heat the oil in a large pan over medium heat. Cook the onion for 3 minutes until soft and translucent, adding the garlic for the last 30 seconds.
- 3 Turn the heat up to medium-high, add the mince and break it up with a spoon. Cook for 5 to 6 minutes until browned all over with no pink left.
- 4 Stir in the passata, Italian herbs, salt and pepper. Simmer gently for 12 minutes, stirring now and then, until the sauce is thick.
- 5 While the sauce simmers, cook the pasta for the packet time until al dente. Drain, keeping a splash of the pasta water.
- 6 Toss the pasta through the sauce, loosening it with pasta water if needed, and finish with the parmesan.

CHEF'S TIP

Give the sauce the full 12 minutes so it thickens and clings to the pasta. Save a splash of pasta water to loosen it at the end.

Meal plans

Three ready made weeks built from the recipes in this book. Pick the one closest to your calories, shop from the list, and cook in two sessions.

Cut week

about 1,900 kcal a day

Every breakfast, lunch and dinner is the about 500 kcal version, so the day lands near 1,900 kcal with about 200g of protein. Good for a steady fat loss week.

Maintain week

about 2,150 kcal a day

Standard versions of every recipe with a snack on the side, so the day lands near 2,150 kcal with about 200g of protein. Good for holding weight while you train.

Build week

about 2,700 kcal a day

Standard versions of every recipe with the bigger snacks, so the day lands near 2,700 kcal with over 230g of protein. Good for a gaining phase or a big training week.

How the days work

Four feedings a day: breakfast, lunch, dinner and a snack. Most recipes repeat for two or three days, so you cook once and eat from the fridge.

Changing the numbers

For about 150 kcal less, drop the snack. For about 150 kcal more, add a banana or a second snack from chapter 7. Protein stays high either way.

Plans use the macros printed on each recipe page and the estimated Coles and Woolworths prices of October 2026. They are examples of how to use the recipes, not medical or dietary advice. If you have a medical condition, talk to a dietitian first.
